

Detector Test Equipment

Smoke Aerosol / CO Dispenser

- ◆ Robust new design - to withstand the rigours of everyday use
- ◆ Dispenser and unique patented diaphragm contains particles / conserve aerosol
- ◆ Aerosols not directed at detector - sensor not swamped with particles
- ◆ Universal - suitable for most detectors
- ◆ Touch sensitive - suitable for suspended ceilings
- ◆ Clear cup and diaphragm - allows view of the detector LED whilst testing
- ◆ Swing frame for difficult to access detectors
- ◆ Use with 2501/095, 2501/096, 2501/099

Part Number 2501/098

Aerosol Smoke Detector Test Canister

- ◆ No damage to detector plastics / components *
- ◆ Faster response times to alarm
- ◆ Faster clearing and detector re-set times
- ◆ Improved value for the customer
- ◆ Minimised residue
- ◆ Non-flammable, CFC free formulation
- ◆ Minimum impact to health, safety and environment
- ◆ Use with 2501/098

* Statement based on detector plastics and components included within development project & current at that time

Part Number 2501/099

Extension Pole

- ◆ Lightweight and non conductive
- ◆ Strengthened and durable fibreglass
- ◆ Use up to 3 of these in conjunction with 2501/095 to reach 9 metres
- ◆ Accepts all other items in the range (sometimes with appropriate adapters)

Part Number 2501/096

From the UK's leading control panel manufacturer

Assessed to ISO 9001: 2000
Certificate number 018

INVESTOR IN PEOPLE

Cordless Heat Detector Test Kit

- ◆ Includes battery batons and charger
- ◆ Reduces testing times dramatically (post 2001 model much faster)
- ◆ Activates detector more rapidly than other safe techniques
- ◆ Suits most point type fixed temp. / rate-of-rise detectors
- ◆ Battery operated
- ◆ Uses minimum power - extended battery life
- ◆ Use with 2501/095, 2501/096

Part Number 2501/100

Telescopic Extension Pole

- ◆ Lightweight and non conductive
- ◆ Strengthened and durable fibreglass
- ◆ "Totalock™" system ensures telescopic sections lock easily and never twist
- ◆ 1.26 metres - 4.50 metres extension enables access to 6.0m incl. User
- ◆ Use with single extension pole 2501/096 to reach 9.0m

Part Number 2501/095

Carry and Storage Bag for Detector Test Kit

- ◆ Carries / stores all above items and others
- ◆ Saves time to / around site

Part Number 2501/097

From the UK's leading control panel manufacturer

Control Equipment Ltd, Hillcrest Business Park, Cinderbank, Dudley, West Midlands, DY2 9AP, United Kingdom
